AGEING
3 Months in barrel

De rojo picota intenso de capa media alta con matices violáceos y abundante rubí. Limpio, llamativo y brillante. Predominan notas afrutadas de mora y grosella con importantes toques lácteos. Su crianza en botella le aporta recuerdos de especias.

En boca muestra una madura tenacidad en equilibrio con la acidez. Es amable, con la viveza justa y armonioso en todo su recorrido. El final reproduce los lácteos con gran nitidez y aporta recuerdos de regalaz.

A medium-deep, intense black cherry hue with violet and predominantly blue tones. Clean, bright and attractive. Aromas of fruit come to the fore, such as blackberry and redcurrant, along with creamy notes. Its ageing in bottle adds touches of spice.

On the palate, ripe tannins are balanced with good acidity. Pleasantly attractive, with the right measure of vivacity that brings harmony right through to the finish. Creamy hints show through again clearly together with liquorice notes.
